Dear Mr. Majane:

I received an e-mail today from Dr. Michael J. Iadarola informing me that Betsy passed away on Sunday, May 3rd. I am so sorry to hear this sad news. I worked together with Betsy for a few years in Dr. Yang's lab. I really treasured our time working together. Betsy is always so upbeat and helpful. It was really a great joy to work with her. Unfortunately, we did not keep in contact after I moved to North Carolina in 1980.

My deepest condolences on the loss of Betsy. I remember Betsy always mentioned so proudly about you. I only hope that your beautiful memories can bring comfort during this difficult time. Please accept my deepest sympathies. Our prayers are with you during this time.

Best

John
