Dear John,

I received the news from Michael Iadarola regarding Betsy's passing. I have a card on the way to you, but because I can't print it (we are all stuck at home), I wanted to email you this page from my photo album with pictures of the lab all enjoying ourselves at your house in 1984. She's in most of the pictures (the first one is of my husband Chuck).

Betsy was amazing.

I am so very sorry for your loss!

Sincerely,

Iris (Lindberg)- one of Betsy's flock
