John,

I did find Dr. Yang's e-mail. I had not talked to her for 9 years! The e-mail did not bounce back. The two of them were a real team. Kind of in an old-school, male-dominated society. But they knew how to hold their own.

I have to send her your e-mail and address and will do so today.

Mike

Yes, Mike, many have. I always knew she was a wonderful loving person and to see so many of her friends and associates' comments is just overwhelming.

Thank you for that.

If you have the time we are viewing her at our house Wednesday, 1 to 7 and we would welcome you and your wife.

Hi John,

Great photo John. What a fantastic picture of Betsy you must have in your mind. Stay strong. She would want that. I contacted a lot of folks from the old lab. Hopefully some of them have contacted you.

Hello

Congratulations to Abigail for a beautiful and fun filled wedding ceremony.

Thank you Abby for mentioning your grandmother. I know she was watching and smiled. She was so proud of all of you!!

Take a look at grandma's life CV and pass me comments or suggestions.

I need them Monday.
