**Subject:** Re: Betsy

Dear John,

This is such sad news. There was no one more generous on this earth than Betsy Majane. We have lost someone truly special.

My heart aches for your loss.

Danielle

I am sorry to tell you Betsy has passed.

She died Saturday morning at Sibley Hospital in Washington.

The cause, according to her cardiologist was respiratory failure.

She was tested 2x on Friday for covid and was negative.

I don't understand how this could happen but that won't bring her back to me.

John Majane
