John,

Cairn and I would like to extend our heartfelt condolences on hearing the news of the passing of Betsy. She was always so positive and beamed with pride when talking about her children and grandchildren as well as providing you the support needed to remain so active in your many endeavors. Please know that we will keep Betsy, you, and all your family in our thoughts and prayers, especially on this Mother's Day.

(It finally dawned on me the significance of your Penguin boat name QE II - a tribute to Betsy, I presume.)

Charlie
